

**UpHouse®**

**FRONTLINE  
FRIENDS**

Ange and Alana own Black Market Provisions. They sell healthy food that's ready to eat. This helps people who are staying home by making it easy to enjoy a healthy meal. They love when their delicious food puts a smile on their customer's faces. By staying home, you are keeping Ange and Alana safe and smiling too. When it is safe to be around each other again, Ange and Alana are excited to see their customers and staff again. Until then, they enjoy spending time with their dog Gertie.

**When you stay home you protect the Frontline Friends who protect you and me. Thanks for taking care of Ange and Alana.**
