

**UpHouse®**

**FRONTLINE  
FRIENDS**

Larissa is a social worker. Larissa listens to people talk about their feelings and helps them make their lives better. Larissa also helps people find the things they need to help them with their health, finding a home and other important things like food, a job, and activities. Right now, Larissa keeps working to care for the people who need her. By staying home, you are caring for Larissa and the people she helps too. When it's safe to be together again, Larissa will spend time with her family at the cottage!

**When you stay home, you protect the Frontline Friends who protect you and me. Thanks for taking care of Larissa.**
