

UpHouse®

**FRONTLINE
FRIENDS**

Brennan is a plumber. His job is to make sure everyone has clean drinking water coming from their taps. Right now, he is still visiting offices and homes to fix leaky water lines or to make sure people have hot water. This helps you wash your hands, take warm baths, and protects your home. When you stay home, you help protect Brennan too. When it's safe to be together again, Brennan can't wait to bring his kids to play at the park.

When you stay home, you protect the Frontline Friends who protect you and me. Thanks for taking care of Brennan.
